SRG Global, a Guardian company, is one of the world’s leading manufacturers of high value coatings on plastic for the automotive, commercial truck and consumer goods industries with a manufacturing presence in major world regions including North America, Western and Central Europe and Asia. SRG Global is headquartered near Detroit, Michigan. Through its Advanced Development Centers in Taylor Michigan, USA; Liria, Spain; and Suzhou, China, SRG Global works to enhance manufacturing processes and accelerates development and delivery of the next generation of materials, coating technologies and sub-systems. SRG Global engineers solutions globally for greater surface durability, structural integrity, enhanced functionality, vehicle efficiency and optimal design flexibility. The result is the development of innovative exterior and interior products and processes that create value for our customers and consumers, and create a positive impact in our environment and society. Beyond the finish™.

VISION:
To be a trusted global partner providing reliable and innovative engineering solutions that create superior value for our customers and society.

Guardian Industries Corp.
A diversified global manufacturing company headquartered in Auburn Hills, Michigan, with leading positions in float glass, fabricated glass products and other products for commercial, residential and automotive applications. Founded in 1932 in Detroit as a windshield manufacturer for the automotive industry. Privately held. Operations in 25 countries across 5 continents with 17,000 employees. Through its Science and Technology Center, Guardian is at the forefront of innovation including development of high performance glass coatings and other advanced products.
Using two-shot injection molding, followed by selective plating, customers can enjoy a greater level of design & styling flexibility with reduced complexity.

### 2K SELECTIVE PLATING

This process dramatically improves paint adhesion to chrome delivering unlimited custom color options for any chrome plated plastic part. G-Coat™ gives the gift of choice to the designer.

### INTEGRAL ROOF APPLIQUÉ

Variant of Active Grille solution integrated and semi integrated with up to 20 % weight savings* and up to 30 % better aero performance*.

---

*Savings and performance will vary based on grille design. Weight savings based on comparison of 26 stand alone systems to 5 semi-integrated development systems. Aero results based on wind tunnel testing of 7 stand alone systems and 5 semi-integrated development systems.

**INNOVATIONS**

Creating value for customers and society...Beyond the finish™

---

**CAPABILITIES**

Chrome Plating | Injection Molding | Painting | Metal stamping & Roll forming | Assembly

---

**SUB SYSTEMS**

- **Integrated Systems**
  - Active grille shutters

---

**INTEGRALS**

- Body Side: Body side moldings, Fuel filler systems, Claddings, Rocker panels, Wheel flares/arches, Wheel covers, Door handles
- Front & Rear End: Grilles, Emblems & nameplates, Fascia appliqués, Liftgate moldings, Spoilers, Rear appliqués
- Ditch moldings, Window surround moldings, Cowl, A, B, C, D pillars, Belt moldings
- Body Side moldings, Fuel filler systems, Claddings, Rocker panels, Wheel flares/arches, Wheel covers, Door handles
- Body side moldings, Fuel filler systems, Claddings, Rocker panels, Wheel flares/arches, Wheel covers, Door handles
- Center consoles, Instrument panel, Overhead, Seat trim, Door panel accents, Steering wheel trim components, Interior assemblies

---

**PRODUCT LINES**

- **Exterior**
  - Body Side: Body side moldings, Fuel filler systems, Claddings, Rocker panels, Wheel flares/arches, Wheel covers, Door handles
  - Green House: Ditch moldings, Window surround moldings, Cowl, A, B, C, D pillars, Belt moldings
  - Front & Rear End: Grilles, Emblems & nameplates, Fascia appliqués, Liftgate moldings, Spoilers, Rear appliqués

- **Interior**
  - Accents: Center consoles, Instrument panel, Overhead, Seat trim, Door panel accents, Steering wheel trim components, Interior assemblies
