

## VISION:

To be a trusted global partner providing reliable and innovative engineering solutions that create superior value for our customers and society.

ESTABLISHED  
**2009**

**13** MANUFACTURING FACILITIES  
**9** TECHNICAL COMMERCIAL OFFICES  
**3** ADVANCED DEVELOPMENT CENTERS

**5,600+**  
EMPLOYEES

SRG Global, a Guardian company, is one of the world's leading manufacturers of high value coatings on plastic for the automotive and commercial truck industries with a manufacturing presence in major world regions including North America, Western and Central Europe and Asia. SRG Global is headquartered near Detroit, Michigan.

Through its Advanced Development Centers in Taylor Michigan, USA; Liria, Spain; and Suzhou, China, SRG Global works to enhance manufacturing processes and accelerates development and delivery of the next generation of materials, coating technologies and sub-systems. SRG Global engineers solutions globally for greater surface durability, structural integrity, enhanced functionality, vehicle efficiency and optimal design flexibility. The result is the development of innovative exterior and interior products and processes that create value for our customers and consumers, and create a positive impact in our environment and society. Beyond the finish™.

### Guardian Industries Corp.

Guardian Industries Corp. is a privately held, diversified, global company headquartered in Auburn Hills, Michigan. Guardian, and its family of companies, employ 17,000 people and operate facilities throughout North America, Europe, South America, Africa, the Middle East and Asia, with a vision to create value for customers and society through constant innovation using fewer resources. **Guardian Glass** is a leading international manufacturer of float, value-added, and fabricated glass products and solutions for architectural, residential, interior, transportation and technical glass applications. **SRG Global** is one of the world's largest manufacturers of advanced, high value coatings on plastics for the automotive, commercial truck and consumer goods industries, providing solutions for greater surface durability, structural integrity, functionality, vehicle efficiency and design flexibility. **Guardian Building Products** is a leading U.S. based distributor of specialty building products. Visit [www.guardian.com](http://www.guardian.com).

**NORTH AMERICA**  
3,620 people

**EUROPE**  
1,465 people

**ASIA PACIFIC**  
515 people

**19 million** vehicles have been equipped with our parts

## INTEGRILLE™

Integrated

Semi-integrated

Stand-alone

\* Savings and performance will vary based on grille design. Weight savings based on comparison of 26 stand alone systems to 5 semi-integrated development systems. Aero results based on wind tunnel testing of 7 stand alone systems and 5 semi-integrated development systems.

## SUB SYSTEMS

### Integrated Systems

- Active grille shutters

Variant of Active Grille solution integrated and semi integrated with  
 up to **20 % weight savings\***  
 up to **30 % better aero performance\***

INNOVATIONS

## 2K SELECTIVE PLATING

Using two-shot injection molding, followed by selective plating, customers can enjoy a greater level of design & styling flexibility with reduced complexity.

## G-COAT™

This process dramatically improves paint adhesion to chrome delivering unlimited custom color options for any chrome plated plastic part. G-Coat™ gives the gift of choice to the designer.

CAPABILITIES

Chrome Plating

Injection Molding

Painting

Metal stamping & Roll forming

Assembly
